

# AUTOTROL EASY-IQ CONTROL

CONTROLLER

## IT'S EASIER THAN EVER TO MEET YOUR NEEDS

Consolidate six controllers into one with the Autotrol Easy-iQ Control. With just one control, you can get full functionality, retrofitting capabilities with Logix valves, and a quick start menu with minimal programming required. It's simple, intuitive, and ready to plug and play.

FEATURES	BENEFITS
Retro illuminated, multilingual graphic display and quick start-up menu	Quick start up and easy to use
Intuitive menus dedicated to different types of users, including homeowners, installers, and OEMs	Safe and fast access to the options you need
Pre-programmed, modifiable parameters	Simplified step-by-step programming with customizable parameters, including calendar override, reserve options, and manual regeneration
Custom programming can be easily uploaded and diagnostics data can be downloaded via the USB-C port	Custom programming allows for quick set up, while diagnostics allow for easy troubleshooting
Field updateable	Keep the valve at optimal performance without having to purchase a new PCB
Color status indicator	Assess system status with a quick glance
Diagnostics menu with regeneration info, water usage history, and status data	Easy to diagnose and treat issues
New holiday mode	Prevents bacterial proliferation during no water usage periods
Dealer contact information display	Connects the homeowner with the dealer for service
Salt alert settings	The homeowner knows when to add salt
Continuous flow alert settings	Provides the homeowner peace of mind in the event it senses additional water usage
Supercapacitor backup for a minimum of 24 hours	The system is protected in case of a power outage
Wi-Fi capable	Ready to connect
