PENTAIR

US-1000 & US-1500

UNDERSINK DRINKING WATER SYSTEMS

Pentair offers two systems suitable for undersink, point-of-use installation. Both systems come complete with cartridges, a long reach faucet, and installation hardware. The US-1500 features an electronic monitor for filter replacement.

FEATURES • BENEFITS

- Designed for water treatment professionals
- Sleek appearance for both models
- One piece manifold eliminates tubing connections between cartridges resistance
- Slim profile sumps support replacement cartridge business
- Simple John Guest style tubing connections

The US-1000 & US-1500 are Tested and Certified by NSF International to NSF/ANSI Standard 53 for the reduction of claims specified on the performance data sheet.

APPLICATIONS

- Point of use drinking water
- Undersink drinking water
- Cooking and icemakers
- Vending machine
- Coffee machine
